The Source Calendar ID identifies ALL the calendars affected by the retro deduction. When the SPO deleted the OCONUS COLA row, the system recouped all the money that was paid for OCONUS COLA in December-April. The total amount from adding all of the calendars together equals the overpayment.

The **Deduction Arrears** tab is mostly used to identify Reserve members who haven't drilled (earned/received pay) in a while and their SGLI premiums are still being deducted. It can also be used to show members that had SGLI Arrears and are paying it back.

Example 1: Member did not drill this pay period, SGLI and TSGLI premiums were deducted and added to arrears.
